

Environmental Policy

We Believe “Sustainability of our Product and Business is fully dependent on Securing and Safeguarding the Environment”.

Enverdant Industries Private Limited is committed to,

- Deal proactively with climate change issue by efficient use of natural resources & energy, reducing and preventing pollution, avoiding wastages and recycling measures.
- Follow an International Environmental Management System, governance process with clearly defined responsibilities to achieve continual improvement.
- Take appropriate measures to prevent environmental incidents and maximize recycle to reduce wastes, discharges and emissions.
- Promote Tree plantation, green surrounding and protection of biodiversity at our locations to be in harmony with nature.

We will truly succeed when we sustain our environmental achievement and are valued by the communities in which we work.

This policy applies to all our facilities along the value chain of Development, Marketing, Administration and Manufacturing units.
